Friday 25th June 2021

Dear Parents and Carers,

You will be aware that it is parents consultations next week, if you have not yet booked an appointment, please speak to your child's teacher or contact the office for support. If your child is in 2NB, look out for a separate letter giving information about this.

You should receive your child's report today, if you have any questions please discuss this with your child's teacher during parent consultations next week.

Thank you for your continued support of your children at Beaver Green, we really value this.

Mrs Oakley

Did you know....

Verena Holmes, was born in Ashford and was an extremely talented female engineer and inventor in the early to mid-20th century. Alongside her own work as an engineer, she was a strong advocate for the movement of women in engineering. Her remarkable achievements include her work during the first and second world war, helping found the Women's Engineering Society in 1919 and being the first women to be admitted as an Associate member of the Institution of Mechanical Engineers.

Verena Holmes, B.Sc. (Eng.), A.M.I.Mech.E.

Verena Winifred Holmes was born on the 23rd of June 1889, at Highworth house in Maidstone Road, Ashford, then a private home but now part of Highworth Grammar School.

If you want to find out more about Verena Holmes click the link below.

Safety tip of the week - Water Safety

Stop and think - spot the dangers

There are many dangers with water, which can include:

- It can be very cold
- There may be hidden currents
- It can be difficult to get out (steep slippery banks)
- It can be deep
- There may be hidden rubbish, e.g. shopping trolleys, broken glass
- There may be no lifeguards there
- It is difficult to estimate depth
- It may be polluted and may make you ill

Stay together

- It is always better to go to the water with a friend or family member
- Children should always go near water with an adult
- An adult can point out dangers or help if somebody gets into trouble.

Water Safety Code

Stop and
think – spot
the dangers

Stay
together

In an
emergency:
Float

Star of the Week - Nursery

We have been continuing our learning about Pirates this week in the Nursery.

We enjoyed making Pirate biscuits!

Nimisha is our star of the week. She has been trying really hard to write her name, ready for "Big School!"

Well done Mickey, you are our star of the week this week!

With a few suggestions it became a runway!

Mickey built his own path out of the blocks.

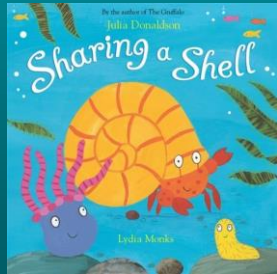

Mickey enjoyed rolling the ball to a partner at the other end. Great work Mickey!

Star of the Week - Reception

This week's star of the week in Penguin Class is Alfie. Alfie created his own Anemone like the one in the story we have been learning about. He wrapped some paper around a cup, then cut long strips and drew on a face! We really liked that his Anemone has glasses! Well done Alfie.

This week's star of the week in Elephant Class is Devon. Devon created a jellyfish by using a hole puncher to make holes in a piece of card, he then threaded pieces of ribbon through the holes and decorated it using stickers. Well done Devon!

Year 1 Carnival Day

We made and ate
fruit kebabs

We drew exotic birds

We made carnival floats

We made masks

Star of the Week - Year 1

Madalina is star of the week this week for her fantastic flower art inspired by Georgia O'Keefe. Well done Madalina

The star of the week in 1JS this week is Ava! Ava showed great understanding of how plants grow and was able to name the resources needed to grow plants and pot her own bedding plant! Well done Ava :)

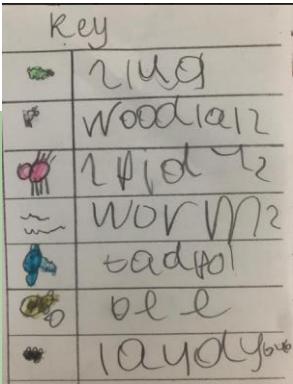

Learning in Term 6 - Year 2

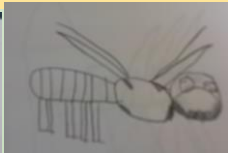

We created this amazing piece of artwork together during our music day. We were re-creating art in the style of Jackson Pollock whilst listening to music to inspire us. We squirted the paint from the bottles and we all had so much fun!

We have also drawn maps with a key to show where we found different minibeasts on our minibeast hunt.

Our topic is Wriggle and Crawl so we have been learning all about Minibeasts. Here is some of our art work. Can you tell what minibeasts they are?

Star of the Week - Year 2

2NB's Star of the Week is Dennis. He created a beautiful butterfly by painting one side then carefully folding it in half to give it colourful, symmetrical wings. Well done Dennis !

Catherine in 2OE is the star of the week this week. She has created this amazing pin wheel to show the lifecycle of a butterfly. She was able to share this with the class and explain each stage of the process. Well done Catherine, amazing work!

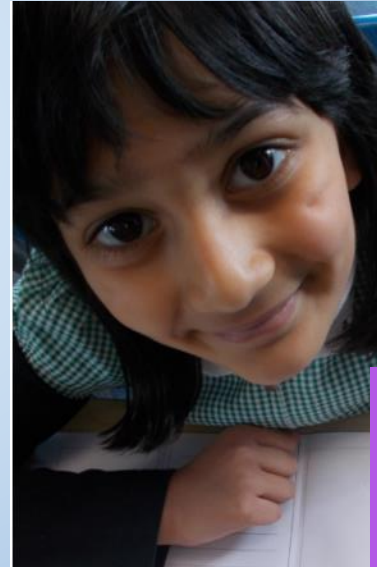

Star of the Week - Year 3

The Star of the Week in 3BC this week is Kavern. He has been working extremely hard on his handwriting and presentation. Well done Kavern. We are so proud of you. 😊

The star of the Week in 3SK this week is Aleeza for her fantastic commitment and hard work during the year. Well done! We are proud of you!

fabulous

Star of the Week - Year 4

This week's Star of the Week is Kai. Apart from being friendly, caring and polite, Kai also tries so hard with his learning. Special mention this week goes to his recount writing about our book 'The Nowhere Emporium'. He has taken extra care to listen to feedback and include lots of the elements to make his writing interesting. Well done Kai! We're very proud of you!

This week's Star of the week in 4PA is awarded to two people; Lillie E and Sophia. I have been watching the class, looking for those who help make the team more effective. This can be by getting on with work, working well in a pair, behaviour at break and lunchtimes to name but a few. These are two, of the many, that I have seen doing these things and more. Super attitude girls, well done!

Star of the Week - Year 5

This week, 5AT's star of the week goes to Ryan. Ryan has been amazing all year round - it has been lovely to see how much Ryan enjoys school and how he always has such a positive attitude towards his learning. He is always so focused and determined to try his hardest in all lessons. We are so very proud of you Ryan - well done!

The 5MM star of the week is Keeley. Keeley always works extremely hard in class. Over the last couple of weeks, Keeley has worked really hard on her papier mache planet. She never gave up despite some very challenging moments! Well done Keeley. Keep up the good work.

Star of the Week - Year 6

Well done to Charly this week. What an amazing attitude to school. You work hard, make the right choices and are a pleasure to have in class. Keep it up!

The star of the week in 6VH is Josie. Josie has put so much effort into our end of year production rehearsals. She has also worked incredibly hard this week in her SATS. We are really proud of you Josie. Well done.
