

## Beaver Green SEND Newsletter Term 3 2023/24

### Welcome to 2024!

The SEND team would like to wish you all a Happy New Year 😊

Please follow the link to answer a few questions so that we can continue to improve SEND support at Beaver Green.

[Parent Questionnaire- SEND](#)

We have been very busy in term 1 and 2. Our new intervention system is working well and the children are getting the opportunity to work on various skills with a variety of adults and children which is proving to be very positive for all.

Our new link Speech and Language therapist (Debbie Down) has been in to meet with Mrs Fisher and is keen to get into school to support the children at Beaver Green.

Please contact Mrs Fisher if you have any concerns about your child's speech and language development.

All staff attended Autism Education Trust training during our INSET days and we are working with an Educational Psychologist to support children in school with autism.

### School focuses...

- We have had a big push on memory and attention interventions. Here are some games you can play at home too...

- Reception Language Link screening. Small group intervention to support.

- Developing a Sensory circuits area. You could use some of these strategies to support at home.
