Curriculum Overview

Year 6 Term 4

Where does our energy come from?

PSHE

Healthy Me

Taking responsibility for my health by
understanding the choices I make will
affect it.

P.E - Netball

Demonstrate which pass is best to use and when in a game.
Draw a defender away to create space for self or team.
Position my body to defend effectively, making successful
interceptions.

Science - Light

Pinhole Camera Project - exploring light further - reinforcing:
Darkness is the absence of light and light is reflected from
surfaces.

Light appears to travel in straight lines.
We see things because light travels from light sources to our
eyes or from light sources to objects and then to our eyes.
Shadows have the same shape as the objects that cast them
because light travels in straight lines.

Maths

Measurement - area and perimeter
Measurement - converting units.
Metric and imperial units.
Statistics
Algebra

Arithmetic:

Times tables practice, multiply,
dividing and multiplying by 10, 100,
1000, adding and subtracting mixed
numbers and fractions.

Geography - Where does our energy come from?

Describe the significance of energy.
Give examples of sources of energy
and their trading routes.
Define renewable and non-renewable
energy.
Discuss the benefits and drawbacks
of different energy sources.
Locate UK cities on a map.
Use six-figure grid references to
identify features on an OS map.

R.E

Is it better to express your beliefs
in art and architecture or in charity
and generosity?
