Dear parents and carers,

This week we have reinstated our assemblies in the hall. The children have really enjoyed these and had great fun in our Science assembly which was conducted by 'Fizz Pop', it turns out that Miss Thind is full of magic. We have also enjoyed coming together for our celebration assembly this week and finding out who has been awarded certificates.

Thank you for your continued support.

COVID-19 Vaccinations for 5-11 year olds

Please see below information received from the NHS Kent Community Health Team which our school have been asked to share with all parents and carers:

The NHS in Kent and Medway is now offering the Covid-19 vaccine to eligible children aged five to 11-years-old who:

- are at higher risk from coronavirus due to underlying health conditions or
- share living accommodation, on most days, with someone who has a weakened immune system

You can find more information about this here:

[A guide for parents of children who are high risk](#)

If you have an eligible child, you will be invited to bring them to have the vaccine by their GP practice, a local vaccination service linked to their GP practice, or the NHS School-Aged Immunisation Service (SAIS).

Parents can either book an appointment directly with their GP, or use this link to book in with any provider:
<https://lvs.healthit.org.uk/patheks>. Eligibility will be checked at the venue.
