

Newsletter

Friday 18th March 2022

Dear Parents and Carers,

WOW!! What an amazing week we have had here at Beaver Green. This week we have celebrated 'Science Week', the theme has been growth, EYFS and Year 1 and 2 learnt about growth in animals, which included a trip to a farm for Year 1 and 2, Year 3 and 4 have learnt about the growth of plants, which has thrown up some interesting facts. Year 5 and 6 have learnt about the growth of towns and cities, I do believe we have some budding architects and town planners among us.

Take a look at the rest of the newsletter to see what else has been happening during Science week.

British Science Week is a ten-day celebration of science, technology, engineering and maths that will place between 11-20 March 2022!

If you want to find out more about what it is all about click this link:

[British Science Week](#)

There are plenty of ways you can get involved too - if you do have a go at any of the activities, be sure to let us know.

School Updates

Bikes and Scooters

If your child rides a bike or scooter to school, may I please remind you that they should not ride it once they have entered the school grounds.

Thank you

Keeping information up to date

If you have recently changed any of your details - such as your phone number or email please let the office know as soon as possible.

Parking

Please can I remind you that you should not park in the staff car park at any time of the day. Even if you are dropping off at breakfast club.

Thank you

Gates

Gates are open from 08.40-08.50 each morning.

Drop off at Breakfast Club

Can I please once again remind you to take care when you are dropping children off at breakfast club. Children are not using the crossing in the carpark or the wooden barriers to walk behind. It is not safe to wander in the car park at this time of the day. The car park is busy at this time, with staff arrivals and deliveries, please can I strongly urge you to take care at drop off.

Thank you.

Attendance

Congratulations to 2NB once again for winning this weeks KS1 class attendance trophy and to 4KB for the best class attendance for KS2.

We hope you enjoy your class treat as a reward for coming to school regularly.

Let's see if we will have any new class winners next week!

Safety Tip of The Week

The NSPCC logo is displayed in green capital letters on a white rectangular background.

Whether you want to report child abuse, or are worried about a child, the NSPCC have lots of ways for you to contact them for further advice.

EVERY CHILDHOOD IS WORTH FIGHTING FOR

What to do if you're worried about a child

If you're worried about a child, even if you're unsure, you can speak to us about your concerns. Whether you want to report child abuse and neglect or aren't sure what to do, we're here to listen, offer advice and support and can take the next steps if a child's in danger.

Due to an increase in demand across our service, our voice helpline is currently operating between the hours of **10am and 4pm Monday to Friday** and **10am and 2pm at the weekends**. You can contact us outside of these hours by email at help@nspcc.org.uk. It's free and you don't have to say who you are. If you think that a child is at immediate risk of harm, please call the Police on 999.

Call 0808 800 5000

Report online

Email help@nspcc.org.uk

It's normal to feel anxious, nervous or unsure about getting in touch with us. We're here to help and take that worry from you. Letting us know you're worried about a child could be the first step to helping protect them from a lifetime of abuse and neglect.

If you're using a mobile device/tablet and are experiencing difficulties completing our online form, please try using a computer, or call us on [0808 800 5000](tel:08088005000), or email help@nspcc.org.uk to report your concern.

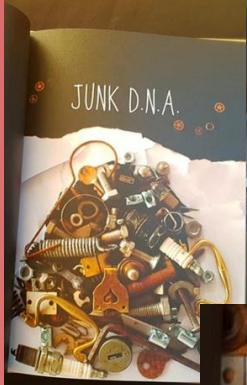

Year R needs your help!

In Year R we are looking to develop some areas inside and outside of our classrooms. There are a few things we are looking for. If you happen to have any of these bits in the pictures at home and would like to help us, please speak to a staff member of the Year R team.

Thank you so much for your support.

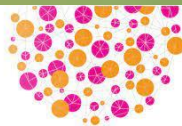

This includes:

- Old keys/padlocks
- Nuts & bolts
- Handles
- Metal 'bits and pieces'
- Metal chains
- Small cable reels
- Curtain rings (wooden/ metal)
- Log slices
- Bottle caps/tops
- Fake plants/flowers
- Any 'loose parts'

British Science Week

11-20 March
British
Science
Week
2022

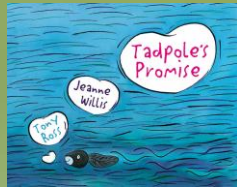

*Don't go through life,
grow through life.*

*keep
LEARNING
keep
GROWING*

Year 2 read the story 'Tadpole's Promise' and then talked about the life cycle of a frog and metamorphosis.

In Year R we have been learning about seeds and plants. We have made our own bird feeders using bird seed to put out in our woods.

Nursery have been learning about signs of Spring and growing plants. We went out on a nature walk to look for daffodils, on our way we found lots of muddy puddles which we had to jump in!

Year 1 enjoyed learning about growth at the North school farm. We saw lambs that were not even 24 hours old!

Year 3 found out about how tomato plants grow and then made some tasty tomato bruschettas!

Year 5 worked in teams to create a bridge using different resources. Here is Maz Evans Class' winning bridge builders with their creation.

Year 4 had an interesting visitor who told us all about tomatoes. We learnt what happens from a seed all the way through to bearing fruit.

Year 6 designed and built bridges this week. We had to consider certain requirements and think carefully about how to strengthen our designs. Will they stand up to the test of adding weights on top?

Certificates given for Beaver Green Values

Dragonfly Class

Freddy- Kindness
Corney- Courage.

Butterfly Class

Jessica - Kindness
Francy - Courage

Ladybird Class

Kara - kindness
Edward - kindness

Bumblebee Class

Lilly-Rose - Respect
Maddie - Courage

Sam Lloyd

Eloise - Courage
Brian - Respect

Craig Smith

Annalyse - Respect
Kayden - Respect

Star of the Week - Nursery

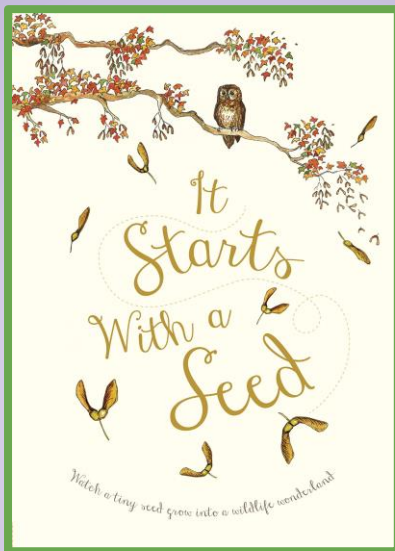

Star of the week this week in Nursery is Piper. Piper has developed amazing toilet independence this week. Well Done Piper.

Star of the Week - Reception

In Ladybird class our star of the week is Oscar. He enjoyed our walk in the woods and wrote a sentence using his phonic knowledge, 'Trees are green and brown'. He also remembered finger spaces and a full stop. Well done Oscar!

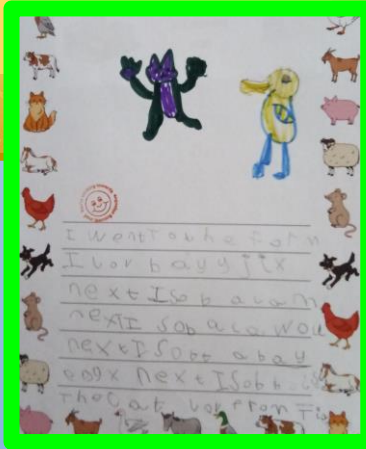

In Bumblebee Class our star of the week is James. James listened carefully to our story and wrote a sentence about the story. James used his phonic knowledge to write the words and remembered his finger spaces. Well done James!

Star of the Week - Year 1

Star of the week in Craig Smith class is Tia. She is trying so hard with her writing and is using time connectives and describing words. Well done

Star of the week in Sam Lloyd is Rosie for being careful and kind to the animals and answering questions about the different animals.

Star of the Week - Year 2

Star of the Week for Wiesner Class
this week goes to Grace for settling
into the school really quickly.
Well done Grace we are really
happy to have you in our class!

Star of the week in Barnett Class is
Charlie H. Charlie has worked hard to
make the right choices this week. He
has worked hard in lessons and made
better choices on the playground. He
has been a pleasure to have in class.
Keep it up Charlie.

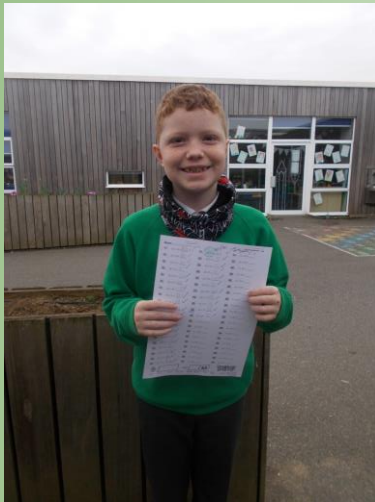

Star of the Week - Year 3

Our Star of the Week is Keiya for Working so hard during our Science Week!

The Star of the Week in Bright Class this week is Ethan M for his positive approach to his learning! Keep it up Ethan, you have made us so proud this week!

Star of the Week - Year 4

Star of The Week in Vashti Hardy class is Joshua. For enthusiastically practising his 2, 3 and 10 times tables. Well done Josh keep up the good work!

Star of the week in Ross Mackenzie class is Darcie. She has been incredibly enthusiastic about her work and has shown a lot more confidence in class. In particular she has shown a greater interest in sharing her ideas which is great to witness. Excellent stuff Darcie!

Star of the Week - Year 5

The Rauf star of the week is Sophia for working hard at multiplying fractions in Maths. Well done Sophia and keep up the good work.

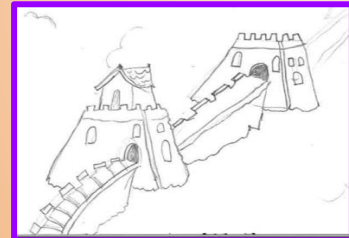

The Evans star of the week is Lyliah. Lyliah listened really well in class this week and wrote a beautiful poem all about Spring. Well done Lyliah. Keep up the good work.

Learning in Term 4 - Year 6

Explore - Asia

Dear mother

I have had such an amazing time in China. I found out that the wall is 21,000 miles long. It has millions of gates of brick, stone and earth. So many that they pulled the walls together they were joined again. Millions of people go each year and go to the Great Wall. All the walls get covered in smoke, smoke all the walls get covered in smoke, smoke all the walls get covered in smoke.

You can see the Great Wall from the top of it. It's so long, it goes all the way across the land. It's so long, it goes all the way across the land. It's so long, it goes all the way across the land.

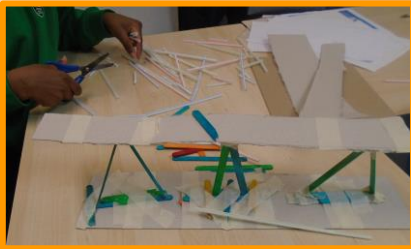

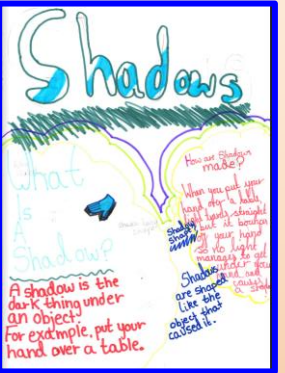

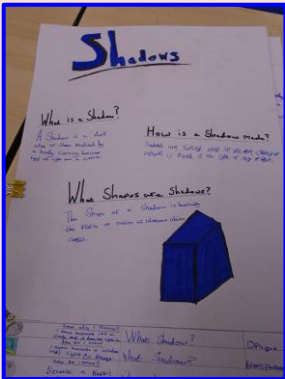

From Mason

P.S.I love you so much.

Science - Light

British Science Week

Star of the Week - Year 6

The Star of the Week in Killick Class is Grace. She worked exceptionally well with her team during their British Science Week task to build a bridge. Well done Grace!

The Star of the Week in Zephaniah Class is Russell. Russell has worked really well with his group during Science Week this week. He always has innovative ideas and shows enthusiasm in his learning. Keep up the great attitude Russell!
