Dear Parents and Carers,

We have come to end of another busy term here at Beaver Green. We have had some fantastic learning experiences happening this term. It has been great to see a return to a more 'normal' way of life at school, with children being able to attend assemblies, workshops and go on school trips - finally. We have even enjoyed some lovely sunshine and some snow! Personally, I am hoping the sunshine returns.

As you will be aware from the letter you received earlier in the week, we have three members of staff who are sadly leaving us today, as they embark on new adventures. We will be very sad to say goodbye to Miss Salter, Mrs Thomas and Becky, all of whom have been a great asset to the Beaver Green team over the years. Good luck to you all in your new ventures.

We look forward to returning to school in Term 5, we return on Tuesday 19th April. At the start of this term we will inform you of all the events that will be taking place during Term 5 and 6. We will be holding parent consultations in Term 5, these will be Tuesday 26th April and Thursday 28th April, look out for more information about this at the start of next term.

I would like to take this opportunity to wish you all a Happy Easter, I hope you have a restful break from school and get to spend some time with family and friends.

Mrs Oakley.

Parents Conduct

It has been brought to my attention that some parents have sadly been verbally aggressive towards members of our staff.

It is not acceptable for parents to be swearing and/or shouting at any members of staff. Children are also present when this has happened and that is upsetting and frightening for the children who have witnessed such behaviour.

We have an open door policy at Beaver Green and we are always happy to discuss your concerns, but we will not tolerate aggressive behaviour. Please read the guidance from the department of education regarding this.

DEPARTMENT FOR EDUCATION GUIDANCE

Sometimes aggressive or abusive behaviour from a parent can present a risk to staff and children. School premises are private property and parents will generally have permission from the school to be on school premises. **However, in cases of abuse or threats to staff, pupils or other parents, schools may ban parents from entering the school.**

It is also an offence under section 547 of the Education Act 1997 for any person (including a parent) to cause a nuisance or disturbance on school premises. **The police may be called to assist the school in removing a parent** but local authorities and governing bodies may also authorise a person to remove a person if they have reasonable cause to believe that the person is causing a nuisance or a disturbance.
