Our Discover Topic

Woodland Adventures!

- Discovering what animals have lived, and live in our woodlands
- Creating timelines to show the order of events that happen in stories
- Learning about how stories used to be told before we had books
- Creating woodland Artwork using different materials
- Discovering disappearing woodlands: what did the land look like before we started building?
- Exploring the history of building houses and the different materials used through construction

Mathematics

In Maths, we use a wide range of manipulatives to support our learning both inside and outside the classroom:

- Sorting, counting and representing numbers to 10
- Comparing objects and numbers up to 10
- Ordering objects and numbers to 10 including using number lines
- Using Part-Whole Models for addition, including number bonds, within 10

Computing

- Understanding E-Safety
- Navigating websites as a class for research

Key Information

- Book change is on a **Monday** (although please send book bags in daily)
- PE is on a **Friday morning**
